

## **2022 Raspberry Falls Golf & Hunt Club Member – Member/ Member Guest Championship**

- What is it:** This is the Raspberry Falls Golf & Hunt Club team Championship. Three different formats of golf are used, requiring an all-around effort and contribution from both players. Members can participate with another Member or invite a Guest. Please note that Guests must have a verifiable USGA Handicap.
- When is it:** Saturday, July 23<sup>rd</sup> and Sunday, July 24<sup>th</sup>. 1PM Shotgun Start on Saturday, 10:00am consecutive Tee Times start on Sunday.
- Format:** Players will play a total of 36 holes of golf, utilizing three different formats. The first 18 holes will be a two-person Shamble better-ball, each player playing his/her own ball from the best drive. The second 18 holes will consist of nine holes being played in the modified alternate-shot format (each partner plays a tee shot, the partners then select the tee shot they wish to use and then proceed by playing the ball alternately until the ball has been holed). The final nine holes will be two-person scramble.
- Tees:** Declared Tees. Each player may choose the tees they wish to participate from and will be handicapped accordingly.
- Handicapping:**
- Shamble Better-Ball: Each player will receive 80% of his/her 18-hole Course Handicap from the tees he/she is playing. Scorecards will be marked to indicate holes where stroke(s) are received so that the low net scores for each hole may be determined.
- Alternate Shot: Each player will receive a 9-hole Course Handicap, which will be added to their partners to form a combined Course Handicap. The team is then allowed 40% of this number (rounded) as its team handicap.
- Scramble: Each player will receive a 9-hole Course Handicap, which will be added to their partner to form a combined Course Handicap. The team is then allowed 30% of this number (rounded) as its team handicap.
- Partners are limited to a maximum of ten full strokes handicap differential. Teams who have greater than ten handicap strokes differential between them will be capped at ten by lowering the handicap of the higher handicap player. (EG Player A is 1 hcp, Player B is a 15 hcp. Player B will play at 11 hcp so that the team is within the maximum of 10 strokes)
